DANIELS REPLIES TO CRITICS

The Secretary Explains Why He Revised List for Awards

Washington, Jan. 5.—Secretary Daniels replied yesterday to attacks on his awards of navy decorations in a letter to Chairman Page, of the Senate Naval Committee, which, with the House Naval Committee probably will investigate the whole row precipitated by the refusal of Rear Admiral Sims and other officers to accept the decorations awarded to them.

The complaint of the officers was that in some instances Secretary Daniels had changed the recommendations of the official board which sat on the cases, bestowing higher decorations than the officers thought merited in some cases and lower ones in others.

Besides reviewing the details of each case and quoting from the findings of original boards of inquiry in the cases Secretary Daniels explains at length the theory on which he disagreed with some of the awards as finally recommended to him. The Secretary explains also how he differentiated between awards for officers who served at sea and those who served on land.

EARTHQUAKE IN MEXICO

Inhabitants Pray in the Streets as Disturbance Shakes Country

Mexico City, Jan. 5.—An earthquake recorded last night was so severe and widespread that it was felt throughout the republic, the director of the Central Observatory announced yesterday.

Although it did little serious damage at Mexico City and was of comparatively short duration at Vera Cruz it lasted four minutes and 35 seconds, the worst and most severe in many years.

It caused a great panic among the inhabitants, who rushed to the street, fell on their knees and implored God to save them.

Many buildings were cracked, two near the docks collapsing completely. There were no casualties, however.

In Puebla similar scenes were enacted, the people rushing to the streets, shouting their prayers for succor. The quake shook the whole city and from many church towers the bells commenced to ring.

GERMANS BOYCOTT FRANCE

Limoges, France, Jan. 5—Replying to a request for a price on a machine to be used for making cardboard boxes for shoes, a Leipzig dealer wrote to a local manufacturer that he would be unable to supply the machine.

LABOR UNIONS PLAN LEGISLATIVE FIGHT

Leaders to Meet Behind Closed Doors on Wednesday Night

SITUATION IS GRAVE

Call for Conference States Danger Threatens Organized Labor—Anti-Strike Bill to be Discussed

Richmond, Jan. 5.—In order to draft plans to combat the so-called "grave danger of labor losing the conditions it has secured through years of toil and sacrifice," representatives of 16,000 organized Richmond labor men will hold a special meeting behind closed doors next Wednesday night in the annex of Murphy's Hotel.

Among the questions which officials of railroad organizations declared yesterday would be taken up at the conference are the legislative situation concerning labor in Virginia and in Washington. Antistrike clauses, the Cummins' bill, the miners' injunction measure against a strike of coal miners and several other matters of importance will be discussed.

The notice reads:

"To Presidents and Secretaries of all Unions, Delegates to the Central Trades and Labor Council, Building Trades Council, Metal Trades Council, General and Local Chairmen, Legislative Representatives, and other representative trade unionists.

"Greetings:

"You are urged to attend a meeting to be held in the auditorium of Murphy's Hotel (annex) Wednesday night, January 7, at 8 o'clock to consider the present critical situation confronting labor in this country. The situation is such that unless prompt action is taken there is grave danger of labor losing the conditions it has secured through years of toil and sacrifice.

"At this meeting which is to be composed of the representative leaders in the Richmond labor movement the entire situation will be gone over and such action taken as may seem necessary to protect the interests of labor and preserve its rights unimpaired.

"Do not let anything stand in the way of your attendance, as this will be the most important conference ever held by Richmond labor, and your presence and advice are needed."

It was declared yesterday that action may be taken in the form of resolutions passed by the body.

It also is declared by the labor leaders that a large percentage of the membership qualified to vote at the next election here and many of the 16,000 members of labor unions here will participate in municipal affairs this year.

TAX ON INCOMES IN U. S. REDUCED

Cut of 2 Per Cent on First $4,000 and 4 Per cent on Remainder

DEAD LINE MARCH 15

If You Are Unmarried and Receive $1,000 or Married and Receive $2,000 You Are Subject to Taxation.

Uncle Sam today launched a wide campaign to secure early returnes on the 1919 income taxes.

The Bureau of Internal Revenue today is starting a program of education on income tax matters and urging that returns be made out and filed early. All returns must be in by March 15.

The 3,000,000 income tax payers will find some changes in the returns this year, the most important of which is a reduction in the normal rate, which is 4 per cent on the first $4,000 of net income above exemptions and 8 per cent on the remaining net income. The normal rate for 1918 was 6 per cent and 12 per cent, respectively. Surtax rates remain unchanged for 1919, ranging from 1 per cent on the net income between $5,000 and $6,000 to 65 per cent on the net income by an excess of $1,000,000.

Every unmarried person with a net income of $1,000 or over and every married person or head of a family whose income was $2,000 or more for the year 1919 is required to file a return. Forms for making out the returns are obtainable from collectors of internal revenue, postoffices and banks. The return must be filed with the collector of internal revenue for the district in which the taxpayers lives or has his principal place of business.

The taxpayer must include in his return income from all sources, including compensation for personal services, interests, dividends, profits from the sale of real and personal property, profits from stock market transactions, royalties, income from estates and trusts and partnership profits. Certain items are not taxable and do not have to be reported, such as the value of property received by gift, proceeds from life insurance policies, amounts received from health and accident insurance, interest on state and municipal bonds, and money received for active military or naval service up to $3,500.

Living expenses are not deductible in computing the net taxable income, but business expenses are. A person, for instance, who uses an automobile for both business and pleasure may deduct a reasonable proportion of the expenses of repair and maintenance. A reasonable amount for depreciation of business property is an allowable deduction. Contributions made to corporations organized for religious, charitable, scientific, or educational purposes may be deducted to an amount not exceeding 15 per cent of the taxpayer's income.

Revenue agents will visit every county in the United States to assist taxpayers in making out their returns. Local announcements will be made of the time of arrival of these experts.

Commissioner Roper today is spreading the national slogan: "File Your Income Tax Return."

BRYAN TO PUSH TREATY

Will Carry His Fight on it Directly to the Door of White House

Washington, Jan. 5.—Sentiment on the Democratic candidates for president, the vital issues of the campaign and incidentally, the peace treaty, is expected to become aggressively assertive this week as the result of conferences and speeches that will mark the gathering of the Democratic leaders for the meeting of the Democratic National Committee and Jackson Day Dinner, on January 8.

Friends of William Jennings Bryan say tonight that the commoner has essayed to direct the Democratic party not only as to the nominee, and the platform, but intends to exert his influence to effect a prompt ratification of the treaty. Mr. Bryan, his followers say, has become convinced that the delay in accepting the reservations on the treaty, is working not only to the disadvantage of the country, in a business and financial way, but is placing the Democratic party in the position of fighting for issues that the majority of the people do not want.

"Mr. Bryan sees no objection to the reservation made on Article X," said one of his advisers tonight, who has seen many Democratic senators during the last week. If this is Mr. Bryan's position and he makes his fight for a ratification of the treaty by making this concession to the treaty opponents, there seems every reason to believe that he is determined to carry his fight on the treaty directly to the door of the White House. Mr. Bryan will arrive here Tuesday night or Wednesday morning and then his secret maneuverings in the last 10 days will become known.

BOMB FOR DRY OFFICER

Explosion Wrecks House of Elkins (W. Va.) Constable

Elkins, W. Va., Jan. 5.—An attempt upon the life of Coleman Stalnaker a constable who has been active in enforcement of prohibition laws, was made at 3 o'clock yesterday morning when a bomb was set off at the front door of his home here. The front porch was wrecked, the plastering blown from the front rooms and almost every window in the house broken. All the front windows in the Catholic school across the street were broken as were those in almost every house in the block.

The explosion was heard all over the city. Stalnaker and other officials are of the opinion that the attempt on his life was made by one of the numerous "moonshiners" or bootleggers he has arrested recently.

The two children of Stalnaker were visiting an aunt in Thomas. Mr. and Mrs. Stalnaker were sleeping in a rear upstairs bedroom and escaped serious injury.

PEOPLE PAY THE BILLS

Immediately folowing the hearing of the Prohibition Department agents charged witr murder in connection with the Valley tragedy, attention was directed to the use of the department's funds for the defense of its accused agents and reference was made to it as a case of the Commonwealth vs. the Commonwealth, with the people paying all the bills. Since that time the attention has been called to the rank injustice of the public treasury being drained for the defense of the department's agents when the State itself was the prosecutor. Two long and expensive trials now have been completed without a verdict, and the cost of both prosecution and defense is charged up to the people. Date of a third trial has been fixed and that, too, it is presumed, will be charged up to the same account.

"Governor Davis has taken cognizance of this anomalous state of affairs, and has asked the Attorney General for an opinion of the legality of the State being made to pay for the defense of the Prohobition Department's agents. The Governor went direct to the head of State's law department for advice, failing to follow the precedent established by the Prohibition Commissioner in ignoring the State's and the department's regularly constituted legal advisers, and paying fat fees for opinions from private sources.

The Richmond Times-Dispatch says that "pending the decision of the Attorney General, comment is unnecessary. However, should it be decided that the Prohibition Commissioner has acted beyond his legal authority in the expenditure of the State's funds, it may be expected that steps will be taken immediately to bring about their restoration. Should it be decided that he has acted within legal limits, the General Assembly unquestionably will be asked to amend the law so that a repetition of such waste and extravagance may be averteds

"But whatever the decision as to the legality of the acts of the commissioner, this phase of the conduct of his department makes it more certain than ever that the department will be abolished by the General Assembly. It has served its purpose, if, indeed, it ever had any legitimate purpose beyond that of furnishing lucrative positions for reform agitators, and the demand for its discontinuance is coming in increasing volume from all sections of the state. In that demand there is no wish or hope for any measure of relaxation in the enforcement of the prohibition laws as they have been written on the statute books of both the State and the nation. Rather, the demand is grounded in the belief that the department serves no good end that could not be more effectively and more economically attained, and with less damage to the State's fair name, if the work were placed in the hands of the regular law enforcement authorities. State and Federal."

PASSING OF BOLSHEVISM

The activity of the officials during the past few days in arresting hundreds of aliens who, it has been shown, have been plotting for the destruction of the government of the United States and the deporting of some of the head centres of Bolshevism, is having its effects. It is hoped the work will go on until our country is freed of the such specimens of the genus homo. The Ohio State Journal recently said:

"Radicalism is on the decline. Wild teachers of still wilder doctrines are losing their prestige and their followers are learning sad and costy lessons from experience. Bolshevism is on the decline, its star is losing brilliancy, its followers are deserting, its false doctrines being unmasked; it is not unreasonable to expect it to pass and join other wild doctrines that have sought for public favor and then been cast aside.

"The world is slowly settling back in balance. Proof of that comes from all lands. We may see it illustrated in our own country. It is told in the stories from England, France, Italy and even Russia shows a more hopeful situation as the forces of disorder show their inability to agree among themselves. The world is tired of discord and contention. There is a longing for peace, an era of quiet, where men and women may take up their accustomed activities and be free from the restrictions and interruptions of war and its attendant burdens. Here in America the sentiment for agreement on the problems of war, that war conditions may be ended and the day of peace ushered in, is growing stronger. Fighting has ceased and the public would be glad to have the war discussions shortened and the problems disposed of in a business way."

THE ATLANTIC MONTHLY

The Atlantic Monthly, for January, one of the oldest and most interesting of American magazines, has been received. The leading article, "The Personality Behind the President," by Charles F. Grasty, is absorbing in interest. We have read it in its entirety, and the graphic manner in which the writer presents the President makes him loom as the great man he is. The other articles in this number are equally interesting and profitable.

DERISIVE AT HANGING

Prisoners Made to Witness Execution Raise Cry, "When Do We Eat"

Chicago, Jan. 5.—An experiment in psychology was tried Friday out at the county jail at dawn, when 200 prisoners were forced to witness the hanging of Raffalo Durrage, convicted murderer. Hardened criminals—selected from among murderers and felons whose expiation is not yet the gallows—were placed in cells, tier on tier of which surrounded the square in which the scaffold had been erected.

It was the contention of Sheriff Peters that the sight of the gruesome trappings would have a most salutory effect upon those in whose life might come future temptations to slay or to rob or to burn.

And so firmly did the Sheriff believe in the efficacy of this idea that he persisted in it despite the request from Governor Frank O. Lowden that he abandon the plan and the added protests from scores of other persons who thought it unnecessarily brutal. Accordingly the stage was set in the death chamber and Durrage was led forth. The quiet in the death chamber became absolute for a moment. Then the noose was slipped over the murderer's head. From one of the higher tiers came a strident shout:

"When do we eat?"

Tier by tier, cell by cell, the cry was taken up. It became a roar above which the wardens voice could not be heard.

The trap was sprung. Durrage dropped into the space beneath the scaffold—dead.

"When do we eat?" was his requiem.

Sheriff Peters declared after the execution that Governor Lowden's secretary telephoned the jail and asked regarding plans for the hanging, but did not object to the Sheriff program.

PROFESSOR VICTIM OF SHOT

Atlanta, Jan. 5.—W. M. Greenlee, formerly a professor at Bingham Military Academy and a Presbyterian minister in North Carolina, was found dead in a Peachtree street rooming house here Thursday. Death was caused by a pistol shot through the head and police declared it suicide. A pistol with one empty cartridge was found by his side. It was said Mr. Greenlee came here from Asheville about a fortnight ago, and his actions gave no indications of contemplated suicide. He was about 48, and is survived by two daughters, residing near here, three sisters and a brother, S. A. Greenlee, of Miami, Fla.

Mr. Greenlee was capable of teaching fourteen languages and spoke of them fluently. In addition to holding a number of degrees from various institutions, he was a graduate physician.

Mr. Greenlee left here some ten years ago, shortly after his wife was burned to death by her clothing catching fie from a burning pile of trash in the yard.

GERMANY AND THE KAISER

London, Jan. 5.—The Berlin government, fearing overthrow, is preparing to "shuffle" the question of the extradition of the former Kaiser and other German officials accused of war guilt, said a news agency dispatch from Berlin. The Socialist members of the national assembly are said to favor the unconditional surrender of the former emperor, but the Social Democrats oppose it. The Centrists are divided on the question.

VIRGINIA NEWS

Governor Davis has changed the date of the special election in the Fourth Congressional District, called for the purpose of selecting a successor to the late Judge Walter A. Watson, from March 9 to Tuesday, April 27. The Fourth District is a primary district, and raising of the question as to whether the Democratic primary machinery would have time to get everything in shape for an election by March 9 caused the Governor to decide on the change, thus avoiding all possibility of doubt. Two candidates are in the race for the seat vacated by the death of Judge Watson. State Senator Patrick H. Drewry, of Petersburg, and Judge Asa D. Watkins, of Farmville, are the rival contenders for the honor.

Plans for the $100,000 moving picture theater to be erected in Charlottesville by the Kendler-Zimmerman Co., have been prepared by the architects and practically decided upon.

The Farmers' and Merchants' Bank, of East Radford, will become a national bank, a charter from the national government having been applied for. In the meantime the capital stock is to be increased from $35,000 to $60,000. The present surplus of the bank is $50,000. James F. Martin is, and will continue to be, the president, and W. H. Galway cashier.

Eight tenement buildings in the negro section of Portsmouth were Saturday night destroyed by fire. One negro infant, trapped in one of the buildings, was burned to death. With a severe gale blowing and the fire fighters handicapped by frozen fire plugs, the fire at one time threatened to spread and become general. The total loss will not exceed $25,000.

The town of Berryville, Clarke county, faces a water famine, because of the cold weather freezing up many of the Blue Ridge mountain streams supplying the town's reservoir. The situation has become acute and the town is on water rations.

Charles M. Schwab, the steel magnate, and Rear Admiral Cary T. Grayson, the President's personal physician, are reported to be negotiating for the purchase, separately of two of the most famous of the old Colonial estates in the Boyce section of Clarke county. Mr. Schwab it is said, intends to engage in high grade stock breeding, to which the locality is admirably adapted, while Admiral Grayson is reported to be planning a country home.

Fire which raged nearly three hours, in Danville Saturday night destroyed the greater part of the business block on the east side of Main Street and between Union and Market streets, causing damage estimated at between $500,000 and $700,000. A high wind was blowing and merchants in the block were able to save only a small portion of their stock, so rapid was the progress of the flames.

Skidding on a wet stretch of road near Harper's Ferry, a machine operated by Carey Timmons 21 years old, of Front Royal, occupied by Paul Rudacill, 21; Joseph Carson, 18, and Jack Morgan, all of Front Royal, plunged over Miner's Cliff, rolling over several times finally coming to rest at the foot of the declevity, pinning Timmons and Rudacill beneath the automobile. Timmons suffered a broken leg and severe injuries to the back. Rudacill was injured internally. The driver of the machine was taken to the Memorial Hospital in Winchester, Va., and Rudacill was rushed to his home in a private machine. The condition of both boys is said to be be serious.

J. M. Bauserman, of Woodstock, supervisor of the census in the Seventh Virginia District, has encountered much difficulty in obtaining enumerators in all of the subdivisions, and the work of taking the census was begun Friday with the force of counters incomplete. There has been an inclination on the part of many men to reject offers of appointment on the ground that the pay is insufficient, and as a result the job has gone begging in some localities. Ten and twenty years ago, it is recalled, there were lively scrambles among Democrats and Republicans for the positions, which were regarded as political "plums," and factional leaders were active in the interests of their friends.

MANY "REDS" ARRESTED

Activities of Federal Agents Extend to Every Part of Country—New York Heads List

Nation-wide raids on radicals have bagged 5,483 suspected Reds in fifty-one cities, according to figures reported in Washington.

The raids may continue for two or three days until all of those marked for examination and possible deportation are caught, according to Federal officials here.

New York with 800 arrests, headed the list. Boston and Detroit have each reported 600; Chicago 550, including a large number taken by state officals; 200 in New Hampshire; 164 at Phil., Pa., 100 each in Cleveland, Trenton, Youngstown Ohio, and Brockton, Mass.

Assistant Attorney-General Garvan in charge of the raids, said more than 2,000 persons were held on "perfect cases," and that the raid promised to be not only the greatest in scope, but also the greatest in results of any in history.

In every city where the raiding machinery was set in motion, he said success attended the efforts. Four thousand warrants were issued, but the arrests exceeded that number.

Besides the 2,000 "perfect cases," Mr. Garvan said Federal agents obtained sufficient evidence to justify the arrest of the others.

Scores of parlor Bolshevists were among those arrested in the raids officials said. These, it was admitted may have to be dealt with under State laws, as they are citizens.

POLICE MOBBED

Bombs Hurled in Cork—Sergeant and Five Constables Captured

London, Jan. 5.—From Cork comes a detailed report of a three-hour pitched battle Saturday night, when 300 armed men attacked the fortified police barracks at Carrighe Hill, County Cork defended by a sergeant and five constables.

The attack culminated in hurling of bombs. One end of the building was blown up and the raiders rushed through the breach and helped themselves to everything they could find.

After ransacking the premises they handcuffed the police. Then they held a "war council" in the barracks to decide whether to shoot the constables. They finally decided to let them live.

An hour later news reached Cork that a strong party of police had been ordered to the scene. These released the bound and handcuffed police.

Late last night news comes of a shooting of policemen at Ballylongford and of attacks on the police barracks at Inchigeela and Carrignavar, both in County Cork.

EXPLOSION KILLS 26

American Red Cross Does Notable Service in Succoring Victims of Disaster

Belgrade, Jan. 5.—The American Red Cross, which is still at work in Serbia, had occasion December 29 to succor victims of a myaterious explosion which wrecked one of the biggest commercial buildings in Belgrade. The explosion exceeded in violence and effect the most powerful sheels used during the war.

Dynamite is supposed to have been used and the explosion is believed by many to be connected with recent plots against the life of Prince Regent Alexander.

Twenty-six persons were killed by the explosion and fifty others, who were seriously injured, were rescued by ambulances of the Red Cross.

One effect of the explosion was to leave Belgrade almost entirely without window glass in the depth of the winter, and no more will be obtainable until it can be imported from Czecho-Slovakia.

LOOT IRISH POSTOFFICE

Motor Cars Fired on by Striking Drivers; Seven Are Smashed

Limerick, Ireland, Jan. 5.—The Limerick postoffice was raided about midnight Thursday night by twelve masked and armed men who seized several thousand pounds in cash and money orders. The postoffice staff numbering twelve persons was held up until the pillage was completed.

The employes were then warned not to attempt to follow the raiders, who escaped unmolested. Military forces occupied the postoffice today.

Dublin, Jan. 5.—The smashing of seven motor cars within the last two days and serious attacks on automobile drivers is believed to be the work of striking motor vehicle drivers who it is reported, are attempting to force the government to abandon its order requiring motorists to obtain permits to operate their cars. Friday near Mullingar, county Westmeath a car was riddled by bullets fired from the roadside and the chauffeur only escaped injury by throwing himself in the bottom of the vehicle.

Motor owners of the county of Queens have been notified in an anonymous circular that all motor vehicles will be forced to stop running until the government order is withdrawn.

Another automobile containing two army officers, it was reported late today, was shot at near Mullingar last night. Many bullets hit the car, but the occupants were not injured.

CASE OF BERGER

House Leaders Plan to Hand Back His Credentials Without Delay

Washington, Jan, 5.—Victor Berger, Socialist Representative elect from Wisconsin, not only will be denied a seat in the House when he presents his second certificate of election to the present Congress, but will be prevented from drawing mileage or any of the several allowances provided for a member.

This is the purpose of a resolution which has been agreed upon by Representative Dallinger, Republican, of Massachusetts, chairman of the committee which previously recommended his exclusion, and Representative Eagle, of Texas, ranking Democratic member of the committee.

Mr. Eagle stated today that he had agreed with Mr. Dallinger on the form of the resolution, and will join with the Massachusetts member in urging its immediate adoption when Berger presents his credentials next Monday.

Under the wording of the resolution, said Mr. Eagle, Berger's credentials will be returned to him instantly, and the sergeant at arms will be ordered to deny any claim the excluded member elect may make for mileage, salary, clerk hire or stationery allowance.

There is ample precedent for the resolution, according to the Texas Congressman. He believes it will be adopted virtually without opposition.

STATES LABOR STAND

Harding Opposes "Domination of Organized Labor"

With a directness and boldness that instantly met with the approval of the conservative element among the Republican political leaders in Washington, Senator Warren G. Harding, Ohio's favorite son, in the race for the Republican presidential nomination, yesterday announced his attitude toward organized labor with special reference to his vote in favor of the antistrike provision of the Cummins railroad bill now pending before the Senate and House conferees.

In a letter addressed to E. J. Miller, secretary of the Baltimore and Ohio local federation of Newark, Ohio, he says that he believes cordially in rational unionism, but is opposed to "the domination of organized labor."

DISMISSAL OF PLEA ASKED

Court Declared Without Jurisdiction in Controversy Over Dry Amendment

Washington, Jan. 5.—The government Saturday, in a brief filed in the Supreme Court, asked the dismissal, for lack of jurisdiction, of the application presented on behalf of the Retail Liquor Dealers' Association of New Jersey for permission to introduce original proceedings to test the validity of the national prohibition constitutional amendment.

Another brief in connection with similar proceedings brought by the State of Rhode Island will be filed today.

"The real controversy," the brief said, "sought to be presented by the bill is one between the plaintiff and officials of the United States who are charged with the purpose of destroying the plaintiff's business under the power of the law, which is in fact no law. This court is wholly without original jurisdiction over such controversy."

BURIED IN DITCH

Trio Held After Discovery Avers Car Upset—Wounds on Body

Yonkers, N. Y., Jan. 5.—The discovery Saturday of a man's body lying in a ditch on a country road near here, lightly covered with earth, resulted in the arrest last night of three men who were ordered held without bail by Coroner George Engle.

The dead man was identified as William J. De Vall, 23 years old, and the men arrested are William Rofbeck, 22 years old; Thomas Mallon, 24 years old, and Michael Ritz.

The prisoners told the police that they were riding in an automobile with De Vall when the machine overturned, pinning De Vall underneath and killing him. According to the police, they explained that they had concealed the death to avoid trouble. Coroner Engle reported that the dead man had five wounds on the back of his head, which appeared to have been made by a sharp instrument.

FINDS BODY OF NEGRESS

Danville, Va., Jan. 5.—While hunting near Reidsville, N. C., a few days ago Luther Barber observed a flock of buzzards hovering over a belt of woods. Approaching the spot, curious to see what attracted them, he came upon a skeleton, flesh still clinging to parts of the body. He summoned the authorities, who found that the remains were those of an aged negress named Gray, who three months ago wandered from the almshouse at Wentworth.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

FOR GLASS AS CANDIDATE

William Cabell Bruce Favors Him For Presidential Race

William Cabell Bruce, Baltimore lawyer, man of letters and sometime political prophet, favors Carter Glass for President. He says:

"Now, personally, my choice for President would be Mr. Carter Glass. As Secretary of the Treasury he has proved an unusually able man. In conversation with financial men downtown I continually hear his name mentioned with the most favorable comment. But Mr. Glass seems making no move to come forward for the nomination, and as yet has shown no evidence of having a necessary group of supporters behind him. He rose from the position of 'printer's devil' to one of splendid estimation in the eyes of the business interests, and I consider him fine Presidential timber."

PORTO RICO SUGAR SOON

Island's Railroad Strike Ended—700,000 Tons Will Soon Come to United States

Washington, D. C., Jan. 5.—Appreciable relief to the American housewife in the sugar shortage is promised in shipments soon to be unedr way from Porto Rico, according to information received at the Department of Justice.

About 700,000 tons of sugar have been held up in Porto Rico by a railroad strike which prevented movement of the crop from the inland plantations to the ports of San Juan and Ponce. The Department of Justice recently issued an injunction against the strikers with the result that the strike has been broken.

Virtually 90 per cent of the amount of sugar to be exported will come to the United States for consumption here.

PLAYED AMERICAN AIR

Berlin Starts New Year With "Oh, Can You See"

Berlin, Jan. 5.—Germany started the New Year by playing the Star Spangled Banner in honor of the American colony quartered in the Hotel Adion.

New Year Eve generally was a gay affair—livelier than any since pre war days.

Crowds swarmed in the Friedrichstrasse, toy cannon, tickling one another with feathers, and drinking much wine.

Many of the celebrators wore masks, giving the streets a mardi-gras appearance.

Restaurants were jammed until early yesterday, police restrictions being removed so lights could be burned after midnight.

BOY KILLS MOTHER

Muskegon, Mich., Jan. 5.—Wm. Noble, 14 year old son of Mr. and Mrs. Wellington Noble, of Holton, near here, shot and killed his mother early yesterday morning when he fired a rifle given him as a Christmas present at a barn in the rear of the Noble home.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

Enlist for Big Fight Against Lawlessness

Your county chairman or organizer will ask you to do this.

Do not fail him. It is a great opportunity to do your bit toward the triumph of law and order.

Powerful interests threaten to make our Constitution a mere scrap of paper. It is not the American spirit. The Eighteenth Amendment, prohibiting traffic in ardent spirits, must be enforced. Let's see to it.

The world needs our help. Missionaries in foreign fields plead with us. They say liquor is the greatest stumbling block to their success. We appeal to you to join with us in world evangelization.

World prohibition by 1930 is the first step in the attainment of this object.

For this purpose we ask the American people for the sum of $25,000,000. Actual collection of funds January 16 to 23. It is the climax of appeals to your patriotism. Virginia Headquarters, Room 138, Murphy's Hotel, Richmond, Va.
